

ENVS 458 | | POLS 490 “FISHERS AND FISHERIES”

MAYMESTER • MAY 15-31, FIELD PORTION MAY 19-25

DETAILS

Three week course focused on engaging in qualitative social science field research. Learn in a field AND classroom setting about US and Georgia fisheries law and management, Georgia's fishing and food culture, and the social and environmental challenges of fishing.

WHY TAKE THE COURSE?

- Research from class will be published online
- Hands-on social science course: learn a variety of methods of research- photography, GPS usage, and interviews
- *Fulfills ENVS field course requirement*
